

Can't Help But Admire Babies

Every Woman Cots Loving Glance at
the Nestling Cuddled in its Bonnet.

A woman's heart naturally responds to the charm and sweetness of a pretty child, and more so to-day than ever before since the advent of Mother's Friend.

Mother's Friend prepares the system for the coming winter, it is used during the hot, rest and repose during the term. This has a most marked influence upon the baby, since it thus insures a splendid growing boy and girl.

And particularly to young mothers to this famous remedy of inestimable value. It enables her to preserve her health and strength, and to insure a happy life for her baby, avoiding all the suffering and danger that would otherwise accompany such an occasion. Mother's Friend thoroughly cures every ailment of the female, and is a sure preventive for taking of the breast.

You will find this splendid remedy on sale at all drug stores in the city, and is highly recommended for the purpose. Write Bradford Register Co., 334 Lamar Street, Atlanta, Ga., and they will mail you postpaid, by instructive book for expectant mothers.

HAYTI PRESIDENT A FUGITIVE

Executive Takes Refuge on
Board German Cruiser When
Violent Fighting Breaks
Out in Capital.

By Leased Who to Evening Herald?
Port au Prince, Hayti, Jan. 27.—President Michael Cipriano, with his wife, took refuge on board the German cruiser Vineta at 2 o'clock this afternoon, fighting having broken out in the city.

Detachments of bluejackets were landed from the United States warship Montana, as well as from the Vineta.

The Haytian rebels today repudiated an attempt made by a force of government troops under the command of M. Pradel, minister of the Interior to land at Saint Marc, 44 miles to the northwest of the capital. The government troops, who had proceeded there on board the dispatch boat Nord Alexis, at once returned to this city. The rebels are now marching toward the capital and the position of the government is hopeless. The public here maintains its calm.

Revolution Spreading.
Cape Haytien, Hayti, Jan. 27.—The revolution in Hayti is spreading all over the north. At Port de Paix and Gonaives the entire population has fled. Two prominent exiles, General Carlos Samor and General Eusebio Latrice, both former ministers of war, returned today to Cape Hatter which is in the hands of the rebels.

Blockade Proclaimed.
Washington, Jan. 27.—Blockade of Cape Haytien, the storm center of the latest revolution there, has been proclaimed by the government at Port au Prince. State department reports today say the diplomatic corps at Port au Prince has designated a committee of safety to assume charge in the event of the possible abdication of President Cipriano and the outbreak of disorder. The German cruiser Bremen has arrived there.

Lived 25 Years With Neck Broken.
Mount Holly, N. J., Jan. 27.—William M. Shemeley, whose funeral took place here yesterday, had lived for twenty-five years with a broken neck. When a schoolboy he fell from a tree, dislocating his neck between the first and second vertebrae and splitting another vertebra. Thereafter he was physically helpless but retained his power of speech. He was 42 years old. A specially made "harness" had been worn by Shemeley since the accident.

HELPLESS AS BABY

Down in Mind Unable to Work,
and What Helped Her.

Summit Point, W. Va.—Mrs. Anna Bell Emery, of this place, suffered for 16 years with an awful pain in my right side, caused from womany trouble, and doctorred lots for it, but without success. I suffered so very much, that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work.

I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 46 years old, but feel as good as I did when only 16.

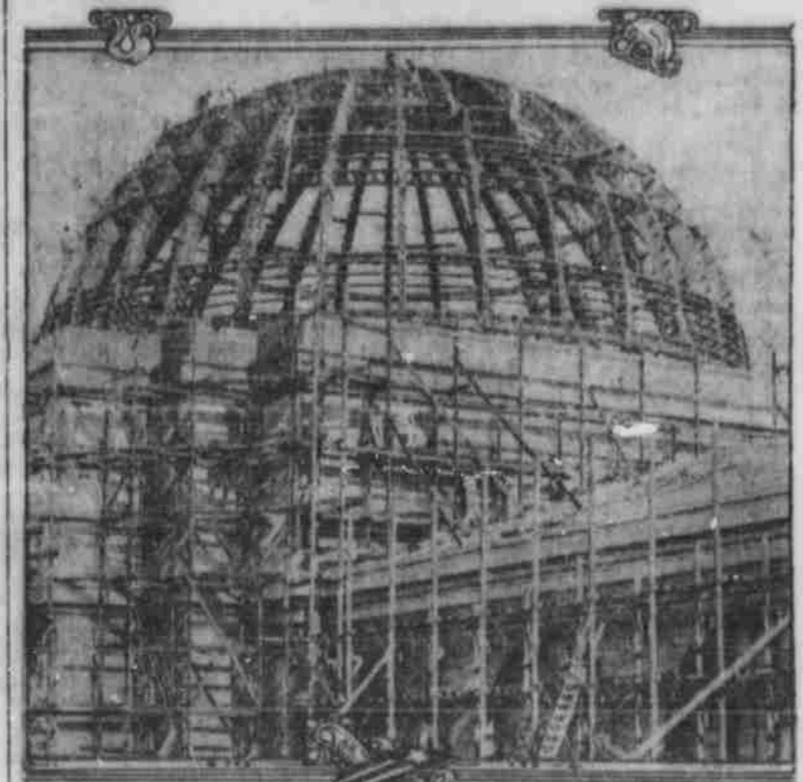

Cardui certainly saved me from losing my mind, and I let it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you, too.

Try Cardui. Your druggist sells it.

Write to Chaitinaga Medicine Co., Louisville, Ky., for sample. Price, 10c. Remittances on your card and 5¢ extra postage. "Cardui for Women" in plain wrapper. R.G. 121.

Colossal Dome For the Palace of Education at the Panama-Pacific International Exposition.

Copyright, 1913, by the Panama-Pacific International Exposition.

THIS photograph, taken from the lofty roof of the huge Palace of Education at the Panama-Pacific Exposition, San Francisco, 1915, shows workmen applying the stucco to the sides of the great structure. On the right of the picture is seen one of the vast naives that rise 119 feet, while in the center and above is the colossal dome of the building, which towers 165 feet. The great size of the exhibit palaces may be inferred from the fact that the photographer was far above ground when the picture was taken.

from an old town resort, also may be taken up this afternoon.

Because of absence of counsel the court this afternoon continued until Thursday afternoon the case of the Gallup Electric Light and Power company vs. the People's Light and Power company of Gallup, in which the plaintiffs seek an injunction to restrain the defendant company from operating under a franchise given by the town council of Gallup.

The court today signed an order committing V. G. Catalino to the custody of the sheriff pending the furnishing by Catalino of a bond of \$1,000 to insure the payment of the alimony given to his former wife, Maria Catalino, at the time of their divorce and which Catalino up to this time has not paid. The alimony past due is wiped out by the court but the decree requires the bond or jail for contempt. Catalino is at liberty under his former bond and is seeking the required bond.

The Baldwin Lumber company yesterday filed suit against J. P. Wessel, on account for \$42,500. E. G. Garcia & Co. filed suit in Sandia county against Pantaleon Mora on a note for \$200.

**SEE IF THE CHILD'S
TONGUE IS COATED**

**Mother! Don't hesitate! If cross,
feverish, constipated, give "Californian
Syrup of Pigs."**

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleaning at once.

When poohish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomach-ache, sore throat, diarrhea, fits of cold, give a teaspoonful of "California Syrup of Pigs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, well-preserved child again.

You needn't cozy sick children to take this harmless "fruit laxative," they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a 50-cent bottle of "California Syrup of Pigs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine ask to see that it is made by "California Syrup Company." Refuse any other kind with contempt.

**MRS. GORGE C. ELLIS
DIES IN CALIFORNIA**

Friends in this city were much grieved yesterday to receive the news from Berkeley, Cal., of the death of Mrs. Ellis, widow of the late George C. Ellis, who died a year or so ago at the Ellis ranch in the Sandia mountains, thirty-five miles from this city. Mrs. Ellis, her daughter, Miss Charlotte Ellis, and youngest son all left shortly afterward to make their home in the California city with the family of Guy Ellis, another son. Mrs. Ellis had been in steadily failing health since the death of her husband, which was a great blow to her.

The star, while not the heroine, was easily Renee Noel and her love affair as "Rita Tevis" with John Burleson, acted by E. W. Wilson, was a prettier thing even than the main theme. Miss Noel is handsome and a finished actress. Miss Fox as "Valerie West," while hardly up to the novelist's idea of the part was good nevertheless, and Marie Daniels as "Mrs. Neville" was all that could possibly be desired. The scream was E. C. Davis as "Sam Ogilvy" and as a comedian he is undoubtedly Sammy-on-the-spot. Paul Dell as Louis Querida made the proper Mephistophelian villain. George Kelly as Louis Neville was a trifling gloomy in spots and a trifle too stagy in his talk but otherwise was acceptable. Altogether it was an absorbing stage-story and applause was generous.

CRIMINAL CASES TO BE HEARD THIS AFTERNOON

Late this afternoon Judge Reynolds will hear the plea of J. F. Foley, held in the county jail on a charge of burglary, and several other minor criminal cases which are held in the county jail. Attorney Lawrence Lee will appear for Foley, who is charged with having robbed the Mahon store on South First street several weeks ago and who was caught at Grants with his companions and alleged associates in the robbery, Thorpe and Speier. The man Hitler, held for stealing a phonograph

BARONESS BEING SUED
BY AMERICAN PHYSICIAN

A \$30,000 pearl necklace belonging to French-Canadian baroness and an American physician with an infallible Monte Carlo "investment system" figured in a remarkable case which began in the law courts of London.

Dr. Ernest Villiers Appleby, the American medical man, has sued Baroness May de Pallandt for \$20,415 alleged to be due on two bills which he backed and on which he alleged the baroness failed to indemnify him. The action arose out of a sale to the baroness by Mr. Hartson, a Paris jeweller, of a \$30,000 string of pearls.

The baroness contended that the agreement was the result of an immoral consideration and she filed a counter-claim for \$15,000.

**PRISONERS READY
TO MAKE BREAK
FOR LIBERTY
LAST NIGHT**

Charles R. Sharp, Held for
Smuggling Chinese Takes
Lead in Well Planned
Scheme to Escape.

**SAW AND CLUBS FOUND
READY FOR BUSINESS**

Men Sought to Escape Being
Placed in Cells at Lock Up
Time and Guards Became
Suspicious.

Only the usual careful inspection by the guards served to prevent a wholesale jail delivery in the Bernardo jail last night.

Charles R. Sharp, a United States prisoner, arrested some time ago for attempting to smuggle Chinese into the United States while serving as a cookman on the Santa Fe, and C. J. Burns, an ex convict held on a forgery charge, were the leaders in the plan for which thorough preparations had been made.

During the day the prisoners in the county jail, of which there are at present twenty-two, are allowed to have liberty to stretch their legs in the pen outside the cells. At night the long term men are locked in the steel cages.

Last night when the guards counted the cell men into the cages Sharp and Burns were missing. A search revealed them stretched at full length on top of one of the cages where evidently they had hoped to escape detection. Under Sheriff Dick Lewis at once ordered a thorough search of the jail and the result was the discovery of a small, but highly tempered saw which would easily have made its way through the outside bars, several clubs and a very heavy iron bar, the latter evidently intended for use as weapons.

Some sawing had been done on the bars of one window and the clubs and iron bar were found under Sharp's cage.

Where the saw came from is a mystery. Sharp's wife visited him at the jail yesterday for the first time since his arrest and the officers naturally are curious as to whether or not she had to do with the plan to escape. Sharp, however, says the saw was not his and there is evidence to show where it came from.

We are overstocked on the following items. Will make these prices for cash; payment can be made at store or when order is delivered. It will pay you to buy enough for months. Prices on grain are advancing, but this was bought early.

The Kapple Furniture Company

218-226 East Central Avenue

--by-products

THIS term was applied to various materials resulting from the manufacture of different materials used in every day

life. These "By Products" as they were called, were often thrown away but now are sometimes found to be of the greatest possible value to the community.

Dyes, perfumes and ammonia are made from gas tar resulting from the manufacture of coal gas.

Gas coke is another by product resulting from the manufacture of coal gas. Genuine gas coke is principally pure carbon which contains more heat than any other form of fuel available. It is one of the most valuable products of a coal gas plant as it forms the most economical fuel for household use. Heat your house with coke and save money.
